

When Leaving Brattleboro, align the double crossover (Red X) to run West on the track against the wall, with Claremont Jct being the first town West of Brattleboro.

If heading to Durand/Toledo/Pt. Huron, you'll take one complete lap around the upper level, travelling West to St. Albans, then align the double crossover (Red X) to arrive in N. St. Albans Siding, before requesting DS permission to proceed to the Lower Level.

If arriving from the lower level at N. St. Albans Siding, you'll need to travel East for one complete lap around the upper level, until you terminate in Brattleboro.
