OPERATIONS BULLETIN

No. 99- 9999

SAFETY of PERSONNEL

The restroom is upstairs down the hall and on the left.

The stairs are the only escape route from the basement.

There is one fire extinguisher on the wall outside the Dispatcher Room.

Avoid stepping on the edges of the step stool as they may tip.
Placing a step stool on the incline to the middle aisle is not advised.

Avoid moving your head under the upper level as the bottom edge of the fascia is surprisingly sharp.
